To whom it may concern

Ref: Biruk Viyaleta - Ewing Sarcoma relapse- estimated cost of treatment

Dear Sir/Madame, following the diagnosis established at Schneider Children's Medical Center of Israel, Dr. Shira Amar, Head of Solid tumors Unit at the Hemato-Oncology Department and Dr. Orly Michaeli, leading onco-genetics specialist, strongly recommend to start chemotherapy in advance, evaluation after two courses of chemotherapy, craniotomy surgery and radiotherapy. If clinically indicated during the course of treatment, autologous hematopoietic stem cell transplantation may be required.

Procedure	Quantity	Price for one	Total price
Hospitalization day with chemotherapy (2 cycles) Hospitalization day without chemotherapy (2 cycles) Oncology Day Care visit without chemotherapy (checkup visit)	10 2 12	2,650 USD 1,650 USD 780 USD	26,500 USD 3,300 USD 9,360 USD
Diagnostic evaluation before and during the treatment PET CT MRI (each part) ECHO, ECG CT (if needed)	 2 2 1 1	 2,300 USD 2,350 USD 420 USD 980 USD	 4,600 USD 4,700 USD 420 USD 980 USD
Surgery (if needed) – craniotomy The cost includes: - Consultation of surgeon - Consultation of Anesthetist and basic laboratory tests - Up to three days of hospitalization in the ICU - Up to 10 days of hospitalization in Surgery Department including physio- and occupational therapy - Pathology examination (molecular tests not included- if needed) Curesponse test Foundation One Cdx	1 1 1	67,000 USD 9,430 USD 8,930 USD	67,000 USD 9,430 USD 8,930 USD
Radiotherapy, including simulation and first radiologist consultation (if needed will be calculated separately) Port a Cath insertion	1 1	15,000-25,000USD 5,800 USD	15,000-25,000 USD 5,800 USD
Autologous bone marrow transplantation (if needed) The cost includes: -induction before transplantation, - up to 4 weeks of hospitalization - ambulatory follow-up up to 3 months (medical consultations, blood and urine tests, X-rays and ultrasound) The price of BMT does not include bone marrow biopsy, cytogenetic and molecular investigations, imaging such as CT/ MRI/PET CT Cells collection, processing and preservation	1 1	118,000 USD 29,500 USD	118,000 USD 29,500 USD
Total estimated cost without additional hospitalization days, immunological and biological treatment, additional tests, consultations and evaluations			313,520 USD

***The cost estimation is not final and could vary according to treatment course, complications and currency rates changes**
***Treatment protocol may change according to evaluations during the treatment period**
***Additional hospitalization days may be needed due to the severity of the disease and aggressive protocol of treatment, as well as additional tests, consultations, evaluations**
